Johanna Elizabeth too in 1840, but later records show same name of Stjordan and/or Vefsn. Svend 1 must have died: they returned to Stjordan; Svend b. 1845 arrived and died that same year. Then her family and brother Paul's followed Ole's to Nordland. Gurine was born in Vefsn in 1847. They were at Fiplingkrogen Vefsn in 1865. Mali was the first child of Hemming and Guro to leave Stjordan; the only to locate to America. Her husband died on route, so did not board ship, told as follows:
  - "Those Fiplingkrogen Tales of Mali Hemmingsdatter" shows separate travels of Mali H and Mali C to MN. Its attachment *SivertAndMali.PDF* presents Mali C's 1st and 2nd family, details their leave taking of the old world for new and postulates the generation behind Hemming Sivertsen and Guru Olsdatter. Hatfjelldal had three Census Districts in 1865. Paul H was in CD 001 Hatfjelddalen; RR 0023 Ugelvatne/Hemming Paulsen was next to him at RR 0024 Grorli/Matis Bentson, at CD 001; RR 0002 Hatfjelddalen/ Ole Hemmingsen in CD 002 Susendalen; RR 0007 Nelderlie/Alette Ingebrigtsdtr (future step-g-grandmother) in CD 003 Rytsvandet; RR 0013 Tustervatne. There were separate school districts within each census district. Redistricting happened as the town grew, such that subsequent censuses would see updated naming stucture. Over time, surnames became associated with the RR 0000

Trondelag was our dominant heritage. At Gen 3, in Hattfjelldal, parents Paulsen-Olsdtr, both born in Trondelag County, NO met parents Bentson-Jonsdtr, born in Nordland and Oppland Counties. Ole left for WI in 1882, Beret 1886, Granddad 1887. Granddad's Gen. 5 slide follows for best flow. Finally Gen 1 and 2 of Oppland and Nordland are presented with relevant children. **Note:** Bentson was a short form of Bendigtsen

That child, Susanne, did not survive. **Update:** Olaus Nilsen's younger brother, Magnus and wife Albertine assumed Groli, and cared for Hemming and Gurine. Their descendants own the farm today. The chart below covers both wives and all children of Ole. Beret was ill and died, soon after George was born in WI. Ole then wed Alette Emilie Bergith Ingebrigtsdatter of Hattfjelldal.

**This chart is not displayed in the main post**

Einar b. 1882 on Hatfjelddalen Farm just as Ole embarked for WI. Beret probably spent the next four years there, seeing her mother through early widowhood. She left with the three youngest in 1886. This may have been the last home in Norway for Henriette and Mathias in their year of waiting to join their family in Wisconsin. The blog has **PHOTOS** of Ole, Henriette, Mathias, Einar/Ed, George, Alette and her children.

! The Farm: The children were used to this in 1865 - Matis Bentson had 2 horses, 10 cows,

9 sheep, 3 geese and 14 reindeer. His mother had reindeer too; 6. He planted barley and potatoes. He was a tenant farmer on this land with one building at Census District 001 Hatfjelddalen-Rural Residence 0002 Hatfjelddalen.

## THE FOURTH DISPLAY of the MAIN POST

No reason is known for our Oppland-ancestor's trek to Nordland between 1829 and 1836. They beat the Trondelagers!

- Marit Hansdtr d 1836, at 48, in Susendahl. Jon Torgersen re-wed in 1839 - that record revealed their ancestry in Vaga Oppland: marriage in 1808; Torger b.1810, Marit 1815, Marit 1820, Hans 1823, John 1825 and Hans 1829.
- Marit Jonsdatter d. 1894, at Hattfjelldal. The burial record is Jan 1895; citing Vaage I Gudbrandsdalen, 1819, for birth. Re: Marit birth 1815, 1820. No death record for first. Mother surname is wrong for second.
- ● Marit Jonsdtr's brother Torger b 1810, a Generation 3 emigrant, was key to blogpiece "Uncle's **PHOTO**".
- 1801 census for Vågå Ulevolden: Torger Hansen and Kari Jonsdatter at 54 and 49, no children present.
- 1801 census for Vågå, Hougen: Hans Arnesen ≈1749, Mari Olsdtr ≈1762 with 4 children, including Marith
- Spouses for Generation 3 were not necessarily from Oppland, with Matis Bentson being a local Nordlander.

- Anders and Jon were "peasants with farm animals". Humble Gen 1 came with big plans.

## FAMILY SOURCES and INSPIRATION

Father wrote the Family History of John Oliver Hemmingsen and Mary Margaret Dickson in 1999. Grandfather, Matt Hemmingsen (born Mathias Berg Olsen) wrote memoirs ca 1954. Both were unpublished. The author has been using these assets in genealogy for a decade. Audiotapes of Matt's cousin, Gina Plocker (born Rued) made in 1959 recently became available, although damaged. The author publishes stories after verifying details at official archival sources.

## NOTES and SOURCES

### GENERAL

**Church Books and Norway Censuses** were accessed at Digitalarkivet.no

**Birth and Death dates** are provided wherever possible. NOTE: Norwegian Church Books usually catalogue Birth under Baptismal Date and Death under Burial Date. Thus, output of search can be confusing, with the event of interest being posted to a later date than expected. For December events, that could mean into a new year, century, even millenium.

**Migrant data** was usually first found in Norwegian CB under utflyttar and innflyttar. More complete information is found in various Emigrant Protocols at DA but seemed more easily entered through FamilySearch.org.

**The displays** themselves, contain references within them.
